

# Application to dissolve an insolvent SCIO: application form and guidance notes

## Introduction

A SCIO can only be dissolved by making an application to OSCR for the SCIO to be removed from the Scottish Charity Register and dissolved. Once a SCIO is dissolved, it will cease to exist and there is no provision for restoring it to the Register at any future point.

This application form and its guidance notes apply if you are applying to dissolve a SCIO which is **insolvent**, having outstanding debts of at least £1,500 and which is unable to pay its debts as they become due.

There is currently no provision to dissolve an insolvent SCIO which has outstanding debts of less than £1,500. Insolvent SCIOs which are in that position are urged to seek independent advice and, if possible, to come to an agreement with their creditors to settle their outstanding debts. This may allow the SCIO to apply for a solvent dissolution.

The dissolution of an insolvent SCIO involves two main steps; the sequestration of the estate of the SCIO, then the removal of the SCIO from the Scottish Charity Register. Sequestration is the Scottish legal term for bankruptcy and is the process for the recovery of unpaid or overdue debts.

While OSCR deals with the initial application to dissolve and then the removal of the SCIO from the Register at the end of the process, the decision on whether the SCIO shall be sequestrated and the processing of the sequestration are dealt with by the Accountant in Bankruptcy (AiB).

AiB is an Agency of the Scottish Government which supervises the process of insolvency in Scotland and which, in some instances, acts as Trustee in Bankruptcy. In the case of an insolvent SCIO which applies to OSCR to be dissolved, AiB will always act as the Trustee in Bankruptcy; the SCIO is not permitted to nominate its own choice of trustee.

## Process for dissolving an insolvent SCIO

When OSCR receives your completed application and required documents, it will publish the Notice of Application for Dissolution submitted with the application on its website within 14 days. If any elements of the application are incomplete, OSCR will advise you which documents are still required and delay publication until after they have been received.

The Notice of Application for Dissolution will remain on OSCR's website until the sequestration of the SCIO is awarded or refused; the decision on the sequestration is likely to be made within approximately 4 to 6 weeks of the Notice being published.

Within 14 days of having published the Notice of Application for Dissolution on its website, OSCR will pass the application to AiB to make a decision on whether the SCIO shall be sequestrated.

**At the same time, OSCR will notify you it has made the referral and advise you to pay the debtor application fee direct to AiB. The fee is currently £200 and must be paid to AiB within 21 days of AiB receiving the application from OSCR. If the fee has not been paid within this timescale, AiB must refuse the application to award sequestration.**

AiB, on receipt of the fee, will then assess your application to determine if the SCIO is insolvent with outstanding debts of at least £1,500. If it is satisfied this is the case, AiB will award sequestration of the SCIO's estate and notify OSCR and the SCIO of its decision. OSCR will in turn publish the award of sequestration on its website and remove the Notice of Application for Dissolution. Details of the sequestration will also be entered into AiB's Register of Insolvencies which can be accessed at [www.aib.gov.uk](http://www.aib.gov.uk).

The sequestration process will take a minimum of 15 months to complete, although it may take considerably longer depending on the number or type of assets the SCIO holds, and depending on how easily the Trustee in Bankruptcy can access the information he or she requires.

Once the sequestration of the estate is complete, AiB will transfer any surplus assets to the body named in the resolution of the SCIO's members. AiB will then notify OSCR that the sequestration is complete; OSCR will then remove the SCIO from the Register and the SCIO will therefore be dissolved.

# Step-by-step guidance to completing your application form

This is an application to the Accountant in Bankruptcy to sequestrate the estate of the SCIO and to OSCR to subsequently dissolve the SCIO by removing it from the Scottish Charity Register.

These notes will take you in order through the questions in the application form and explain what information we are looking for and, in some cases, what we will consider when we assess your response.

## Q1. Charity registration details

Please enter the name and Scottish Charity Number of the SCIO which is applying for consent to dissolve.

## Q2. Consent from other regulators

Please tell us if you are registered with any other regulators or other bodies, and if you require consent from them in relation to the proposed winding up or dissolution.

# Application to dissolve an insolvent SCIO

Regulations 4, 5 and 6 of the Scottish Charitable Incorporated Organisations (Removal from Register and Dissolution) Regulations 2011

Please read our guidance publication, '[SCIOs: A Guide](#)', when completing this application. We've put together [4 top tips](#) to help you get the process right. Please complete all sections of this form, including the appendices and the annexe form 25.

## Q1. Charity registration details

SCIO name

Scottish Charity Number

## Q2. Consent from other regulators

Regulator name	Reference number	Consent required? (Please tick)

### Q3. Grant funding

Please tell us if you are obliged to return any of the SCIO's assets (as detailed in Appendix 3) to a grant-giving body under the terms of the funding agreement. If so, please list these assets and provide details of the body to which they must be returned. We will pass this information on to the Accountant in Bankruptcy to be considered during the process of sequestration.

### Q4. Proposed recipient of surplus assets

Before you apply to dissolve an insolvent SCIO, you must pass a resolution of your members agreeing to the sequestration and subsequent dissolution of the SCIO. This resolution must also state the name of the body or bodies which your members want to receive any surplus assets of the SCIO in the event that there are any remaining after all of the SCIO's debts and liabilities are settled.

In this section, you should name the body or bodies which are specified in the resolution as the proposed recipient of any surplus assets. The recipient(s) must have purposes which are the same as, or which closely resemble, those set out in the SCIO's constitution. In order to ensure that your proposal meets this condition, you should also provide us with either a copy of the recipient body's constitution or a statement of its purposes.

Please note that you must not transfer any assets to this body; the transfer will be completed by AiB **only** if there are any surplus assets remaining after the sequestration is complete.

### Q5. Storage of accounting records

Section 44(2) of the Charities and Trustee Investment (Scotland) Act 2005 states that proper accounting records must be preserved by the charity for 6 years from the end of the financial year to which they relate. We therefore ask you to confirm the name and address of the person or organisation who will store these accounting records.

## Q6. Information relevant to the application

Please use this section to tell us about any relevant information which is not contained elsewhere within the application.

Appendix 3 to the application, the Application of the SCIO to Accountant in Bankruptcy for Sequestration of the Estate of the SCIO, contains most of the detail about the application, including the contact person's name and address and the details of the SCIO's outstanding liabilities.
